The Specialist Global Distributor of Cable Accessories

**The Specialist Global Distributor of Cable Accessories**

Cable Services International, part of the Cable Services Group of Companies, is dedicated to giving its overseas customers unrivalled service on a finite range of cable and accessory products. All products are closely related and centre around cable and its immediate accessories. For example, Glanding, Terminating, Jointing and Cable Support, above and below ground, at voltages up to 132kV.

**Quality Policy**

'The Cable Services Group of Companies Quality Policy is to maintain, on a continuous basis, an effectively managed Quality Assurance Programme, designed to assure customers that materials conform to the laid down procedures of BS/EN/ISO 9000 and similar types of quality assurance specification.'

*(Extracted from the Quality Manual of the Cable Services Group of Companies).*

**Technical Support**

Full technical back up is available to our customers on all the products supplied by the group. Our limited integrated range, means that our sales personnel are exceptionally well informed and therefore able to assist customers with any enquiry. In the event of a question being beyond our experience, our long standing relationship with our suppliers means that their technical expertise is immediately available.
